## MILESTONE 1

Conquering the Exam is just a beginning

The GeeKay World School students have scaled new heights with their outstanding performance in the Grade 10 and 12 Board Examination 2022-2023.

## MILESTONE 2

With all Zeal and Zest the much-awaited Summer Fest of The GeeKay World School, Ranipet, was held on 29th April, 2023.

## MILESTONE 3

Congratulations Class of 2023! Graduation is by no means the end of education, rather it marks the beginning of life outside the sheltered school walls.

# Board Exam Results 2022-23

## GRADE 12 CBSE Result 2022-2023

TGWS Grade 12 CBSE Result 2022-2023

"Patience, persistence and perspiration make an unbeatable combination for success"

The CBSE Grade 12 Board Examination result was declared on 12 May, 2022. Our students have excelled once again with flying colours and a 100% pass. It is really a great moment to celebrate that TGWS students have always produced 100% results in Grade 12 right from the First Batch of 2016-2017.

Yogeshwaran Kamalakannan of Grade 12 has bagged First Place scoring 451/500 with an aggregate of 90 percentage. The Head of School Mr Ramkumar V appreciated teachers and students for the sincere effort taken. Our Managing Director Mr Vinod Gandhi and Director of Operations Mr Santosh Gandhi thanked the teachers and students for their dedication and compassion towards teaching and making a difference.

## GRADE 10 CBSE Result 2022-2023

Conquering the Exam is just a beginning

The GeeKay World School students have scaled new heights with their outstanding performance in the Grade 10 Board Examination 2022-2023.

Sabarish Vishwanath Raja, P Priya and S P Kavya are the School toppers in Grade 10 with an aggregate of 96 (478/500) and 94 (470/500) , 94 (469/500) percentage. Sabarish Vishwanath Raja has scored 99 in

Tamil, 98 in Information Technology, 95 in Mathematics, Science and Social Science and 94 in English. Priya P has scored 100 in Information Technology, 98 in Tamil and 95 in Science. S P Kavya has got 98 in Information Technology, 97 in Tamil, 95 in Mathematics and Social Science. The Head of School Mr

Ramkumar V applauded the teachers and students for their hard work and dedication. Our Managing Director Mr Vinod Gandhi and Director of Operations Mr Santosh Gandhi appreciated the teachers and students for the remarkable performance in the CBSE Board Examination. Our students have proved that dedication and learning end at resulting excellent outcomes.

We are really proud of the students achievements.

## Cambridge International Results

Cambridge International Results - The Geekains have done it again!

The Cambridge International results for the March 2023 series were released on May 24, 2023. The students from Grade 10 IGCSE have brought glory to The Geekay World School's name yet again by securing a 100 percent exemplary achievement. TGWS' Managing Director Mr Vinod Gandhi, Director of Operations Mr Santhosh Gandhi, Head of School Mr Ram Kumar and Cambridge Coordinator Mr.Senthil Kumar congratulated the victorious students, and the academic faculty for their facilitation and encouragement.

It was truly a day of success and jubilation at The Geekay World School.

Great success comes from hard work and perseverance.

We are delighted to share the achievements of our AS & A level children in CAIE March 2023 results.

Congratulations on your well-deserved Success!

# Summer Fest

With all Zeal and Zest the much-awaited Summer Fest of The GeeKay World School, Ranipet, was held on 29<sup>th</sup> April, 2023.

Competitions were piled up in numbers like Rangoli, Fancy Dress, Mehendi and Cook without Fire. Parents and children in large numbers enthusiastically participated in these events and also won several prizes. Workshops based on learning by doing through Arts, Crafts, and Zardosi were a great initiative that fetched a load of learning to all the participants. To fill the appetites and hunger there were several yummy Food stalls that added flavour to the Fest. The Swimming Arena was also well utilized by toddlers. The winners were awarded with cash prizes and certificates and the participants were awarded certificates and special gifts.

Our Managing Director Mr. Vinod Gandhi, Director of Operations Mr. Santhosh Gandhi, and the Head of School Mr. Ram Kumar congratulated the winners and the participants.

# Graduation Ceremony

“Education is our passport to the future, for tomorrow belongs to the people who prepare for it today”

Congratulations Class of 2023

Graduation is by no means the end of education, rather it marks the beginning of life outside the sheltered school walls. We celebrated this proud transition of our Geekains on April 1, 2023

It was a day of recollection, reminiscence, and reflections with our grandaunts and their parents taking the stage to speak at length about their enriching experience at TGWS.

Grade 11 students gave a warm welcome to their seniors energetically. Cambridge Co-ordinator, Mr. Senthil Kumar, welcomed the gathering. Later all the grandaunts in their graduation attire with tassels on their right gave a phenomenal entry to the auditorium and left the audience spellbound. Our Managing Director, Mr. Vinod Gandhi felicitated all the young graduates with certificates and mementoes. The Head of School, Mr. RamKumar administered the pledge, and the official declaration of Graduation was made by our Managing Director, Mr. Vinod Gandhi. The event came to its close with our newly declared graduates flinging their caps up in the air, amidst resounding cheers and well-wishes. Cambridge Exam Officer, Ms. Rachel proposed the vote of thanks.

May our graduates go confidently in the direction of their goals and live the lives that they have dreamt of. May they make us prouder with their success and accomplishments.

# Achiever's Day

On 15<sup>th</sup> April, 2023, the GeeKay World School organised Achiever's Day to celebrate the success of our exceptional students. They earned their rewards on this glorious event through their overall performance, including academics, cultural, literary events, sports and other co-scholastic activities throughout the year.

The event started off with the Universal Prayer followed by an elegant and vibrant Invocation Dance to set the mood for the celebrations and to fill all of us with the spirit of achievement. All our achievers, students, parents, and staff were a part of celebrating our students' success. Ms. Mujeeba, Secondary Coordinator welcomed the gathering. The first set of awards in the Awards Ceremony was for the achievements of our students who participated in Cultural, Literary, and Sports external events and made us proud.

The next set of Awards was for the Highest Participation in Cultural, followed by awards for Value Added Programmes, Leadership activities, Academic Proficiency and Sports. The event was energized and brightened up by a Western Dance performance from our students. This was a boost to the whole event halfway. The Inter House Trophies were the next attraction. They were awarded for Academic, Cultural and Sports excellence. The Earth House secured the trophy for Academic Excellence, the trophy for Cultural Excellence was bagged by Air House and the Fire House secured the trophy for Excellence in Sports. The most coveted Cock Trophy went to the Earth House for overall excellence. The event concluded with a Vote of Thanks by Ms. Merline Powell, followed by our School Song and National Anthem.

# Book Fair

“Reading is to the mind what exercise is to the body.”

Books are uniquely portable magic. Book fairs are appetizers for further reading. Book fairs play a huge role in encouraging reading habits among people of all age groups. Working on the theme, ‘Books are our best friends’, The GeeKay World School organized a book fair from 12<sup>th</sup> April to 15<sup>th</sup> April. A wide range of books of all literary genres was displayed at the book fair. It included a diverse selection of books from several categories - poetry, fiction, nonfiction, mystery, children’s literature and academic books.

The Book fair was inaugurated by our Managing Director, Mr. Vinod Gandhi on the 12<sup>th</sup> of April.

Children and the staff enjoyed the fair and selected the books they wished to read. The opportunity to browse books of so many varieties and in a large number at a time was a wonderful experience for the children and parents who visited the fair.

This was an excellent chance for kids to learn about the writing profession and get inspiration for their own work. It not only allowed kids to discover new books and writers, but it also fostered a love of reading and learning.

# InterSchool Tennis and Skating

TGWS emerges as Champions

The GeeKay World School participated in Inter-School Tennis and Skating hosted by Vedavalli Vidyalaya Ranipet on 11.4.2023 and brought home trophies and medals in every event in which the Geekains participated. It is a proud moment for TGWS as they emerged Champions in the last inter-school event for this academic year.

## English Lab @ TGWS

English being a global communication language has become vital for students in education. Mastering English will also broaden the opportunities for the students. To improve the English language skills of students, the Geekay World School has installed an exclusive lab for English language learning. The English Language lab was inaugurated by Mr. Vinod Gandhi, Managing Director, TGWS on 22.06.2023. The language lab helps in better learning and understanding of the language. The students will get exposed to thousands of multimedia content for learning grammar, phonetics, vocabulary, listening, reading, speaking, and writing. We are sure the language lab will improve the communication of the students and increase their confidence.

## New Computer Lab @ TGWS

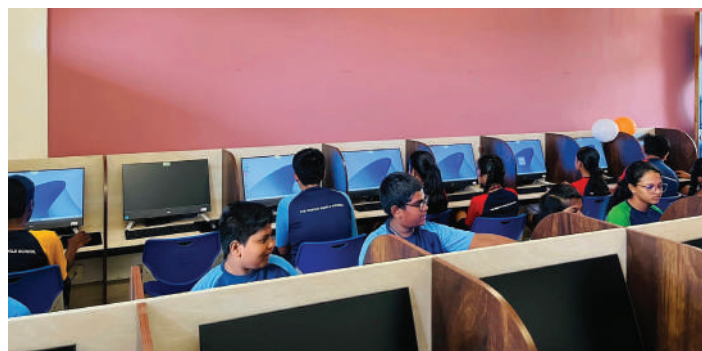

TGWS adds another Hi-Tech Computer Lab

Computer Lab provides a practical learning environment where students not only prepare for their subjects but also get connected to the digital world to an ocean of information.

Keeping pace with the changing world and the digital revolution, TGWS added another state-of-the-art Computer Science Lab with the latest version of computers.

The new Computer lab was inaugurated on 22.6.23 by our Managing Director, Mr. Vinod Gandhi.

The new lab with the latest digital features will support the students for various projects, online programmes, and tests in addition to supplementing learning through hands-on experience.

# International Yoga Day

On the 21<sup>st</sup> of June 2023, TGWS celebrated International Yoga Day to mark the relevance of this ancient practice to promote health and well-being. Yoga, as it's well known promotes physical, and mental health, spirituality, and longevity through its practices involving various body postures and meditation. As the sages rightly practiced, it was a way for the union of a mere human being with the Supreme Power as "Yoga" in itself means "Union".

We started this occasion with a special assembly to practice Yoga in our assembly hall, with the hall filled with students and teachers as participants in the event. This assembly was planned and executed by our Sports Team, with the presentation from our Grade 11 students.

The importance of Yoga was highlighted by our students, providing us with some valuable information about this ancient practice. The how, when, where, and why of the entire practice were explained by our students. There was a live demo cum presentation of yoga by the Isha Yoga Team, demonstrating a few vital asanas which can be practiced by children. Isha volunteers taught "Nadi Suddhi" and 'Yoga Namaskar' in a step-by-step way which our students joyfully learnt. The regular practice of some of these asanas can add more flexibility, muscular reinforcement to our body, the strengthening skeletal muscles and the nervous system, as in today's time the lack of proper exercise on a daily basis is a huge drawback to us humans in terms of physical and mental health.

Yoga also reminds us to take some time for ourselves in this busy world with our busy lives and practice what's vital for our health, because a healthy body and mind is what makes a healthy and balanced human being. Our Head of School, Mr. Ram Kumar addressed the entire audience with his encouraging words, shedding more light on the significance of the occasion. He then handed over souvenirs to the representatives of the Isha Foundation. The event concluded with our school song and National anthem.

# Professional Development 23-24

Professional development is the institution's mission to empower educators with the information and skills to help them execute their work. TGWS had its PD session for the academic year 2023-24 from 29.5.23 to 6.6.23

In the opening session, the Head of School, Mr. Ram Kumar shed light on the best Teaching Practices and the joy of Teaching & learning. He appealed to the teachers to update their understanding of the subject in light of recent advancements in the field, to update their abilities, and aptitudes thereby creating new teaching methodologies with specific objectives. He also discussed the various ways by which TGWS can create children who stand out in society with a TGWS benchmark of competency and leadership. He elaborated "What the school expects from a Teacher?", "What the student expects from a teacher?" and "What are the parent's expectations?"

In the second session, Mr. Senthil shed light on the GROW MODEL, which emphasized the need for a teacher to be a change-maker for a student. A teacher who lacks ambition is like a bird flying aimlessly, and it is necessary to set realistic goals, plan for goal setting, and determine whether we have met our objectives, as well as identify each teacher's strengths.

Another session threw light on 'The correction pattern of students' work by Ms. Mujeeba. "What exactly do you mean by correction?" in the teaching-learning process? Types of Correction, Challenges for Teachers, Strategies for inspecting notebooks in the classroom and the like were exhaustively discussed.

EMOTIONAL & SOCIAL INTELLIGENCE was another topic dealt with during the session and it began with a team activity focusing on social emotion support for learning and five competencies to guide the students - Self-awareness, relationship skills, social awareness, self-management, responsible decision-making, Handling slow learners and Inquiry-based learning were also discussed in this session by Ms. Logapriya. TGWS always stands unique with its School Etiquette, Roles, and responsibilities of Teachers and the same was addressed to the new and existing teachers oriented by Ms. Merline, Ms. Muthu and Mr. Boopathy.

Another distinguishing feature of our school is that academics are integrated with life skills such as Visual and performing arts. Teachers handling PA & VA emphasized the need for these skills and how they help children learn subjects better through appropriate integration through a number of engaging activities.

Sports Activities, which operate parallel to academics and are equally vital to all children, were briefed to all teachers by the sports HOD, Mr. Manigandan with some interesting physical activities.

The importance of English communication to teachers as well as students was brought alive by Ms. Sharon, English Facilitator through a variety of activities and questionnaires to help them understand the school system.

We had reflection sessions everyday evening where teachers shared their learning experiences led by Ms.Preethi and Ms.Rachel. The valedictory of this year's PD session was conducted on 6.6.23 where teachers reflected on their takeaways from every session.

On the whole, the PD sessions enabled Teachers to get a first-hand understanding of the various aspects of teaching. It also motivated them to develop and apply new strategies to make the teaching-learning process more effective and meaningful.

## Assembly

### Primary

“Speak in such a way that others love to hear you” and “listen in such a way that others love to speak to you”

The Primary Teacher’s Assembly started with this inspiring thought. Our teachers presented a group song for the children to welcome them to the new academic year. It was a good melody dipped in musical notes by our primary teachers. Then, the teachers added the magic of steps! They gave a scintillating dance performance to the children. They held up everyone so captive and excited.

Not only dance and music but also some funny riddles were conducted by the teachers to engage the students. The teacher introduction was done in an innovative way using a pinwheel. Children were so excited to find their teachers in a puzzled picture. Finally, all the new starts need a good end. The assembly ended with an inspiring story and hearty wishes from our Head of School, Mr. Ram Kumar.

# Middle School

On 12<sup>th</sup> June 2023, we welcomed our students back to The GeeKay World School for the academic year 2023-24 with an assembly hosted and presented by the teachers of the Middle School. After a long summer vacation, our assembly area was filled once again with our children and teachers, showcasing their talents and the audience admiring the show.

The assembly's theme was "New Beginnings" which started off with the usual flow of events including the Universal Song, Meditation and Yoga, followed by a Teacher's Talk on 'New Beginnings' in life and on a daily basis. How every day in school, all of us, teachers, students, staff and other stakeholders get an opportunity to observe, learn and experience something new, joyful moments, and challenging situations at times. All the things that give us an opportunity to reinvent ourselves to make us better. The talk was taken forward by our HOS Mr. Ram Kumar, who spoke about the importance of honesty and how it can pave the way towards a successful future...most importantly, making one a genuine human being.

The next presentation in the assembly was the mime show based on kings and queens, ministers and soldiers...War and Peace by the Middle School Facilitators. At the end of the presentation, the students were asked to link the play to a subject that's taught in the school and what they understood from it. After the conclusion of the assembly, we moved to our regular classes and schedule where we reconnected with our students after over a month alongside laying the foundations of the academics in place for this new session, hoping for the best for all of us!

# Secondary

The New Academic Session's (2023-2024) first Secondary Assembly was held on 12th June, 2023. The Assembly began with the Universal prayer. Our Head of School Mr. Ramkumar welcomed the students and congratulated them for the Board Results. He spoke at length about student development in various areas and shared anecdotes of our Former Prime Minister Shri Jawaharlal Nehru and Jamsetji Tata's association in the development of our Country. Mr Andrew, Biology Faculty shared a few inspiring videos of A P J Abdul Kalam asking students to be creative and the role of teachers, followed by the video of Derek Redmond in Barcelona Olympics and Sudha Murthy's inspirational talk.

Teachers took turns introducing themselves and wished students Good Luck for the New Academic Year.

# Primary - School Reopening

The school reopened for the K1 to G5 on 14.06.2023. The children came in with ardor and zeal. They were captivated by the gorgeously decorated welcome doors and classrooms. Home Room Teachers conducted ice-breaking activities and made the children feel comfortable in their new classes.

## Parent Orientation

### Primary

The Parent Orientation for Primary was held on 03.06.2023. The parents of new admission students were called for a meeting to discuss the school curriculum and other school policies. Ms. Logapriya, Primary Coordinator addressed the parents and briefed the parents on academics, uniforms, transport, food, etc. Facilitators and Home Room Teachers of G1 to G5 were introduced to the parents.

### Primary - Coffee Lounge

The first Coffee Lounge of the year 2023-24 for G1-G5 was held on 24.06.2023. Coffee Lounge is conducted to facilitate proper communication between the school and the parents. The parents came for an informal meeting with the teachers and coordinators. The meeting was taken forward by Ms. Logapriya, Primary School Coordinator. She briefed the parents about upcoming events, school policies, Leadership Activities, value-added programs, and many more. The parents were curious to know more about the activities conducted in school. This coffee lounge served the very main purpose of clearing the queries of the parents and strengthening the parent-teacher partnership. After the meeting, they had refreshments and met the Facilitators to enquire about their ward's new academic year. Later, they went on for a school tour and visited the newly inaugurated English Language Lab and Computer Lab.

# YLE

Young Learners Education (YLE) is a series of fun, motivating English Language tests aimed at children in primary. There are three activity-based tests – Starters, Movers and Flyers. This gives students a clear path to improve in English. Students from primary appeared for YLE exams on 12.04.2023. Students actively participated in listening, speaking, reading and writing activities. It enhances a child's language learning journey and introduces English to Children in a fun and motivating way.

## Middle School - Parent Orientation

On the 4<sup>th</sup> of June, 2023, before the reopening of The GeeKay World School for this academic year 2023-24, we conducted an orientation for our new and old parents who joined us to know more about our institution and how we are different in terms of what we do and how we encourage our students to bring out their best in all the aspects of development, including academics and co-curricular activities. It also showcased how we motivate our students to take a step forward to bring out their talents, strengths and leadership qualities through a series of activities that are a part of our LSA Programme.

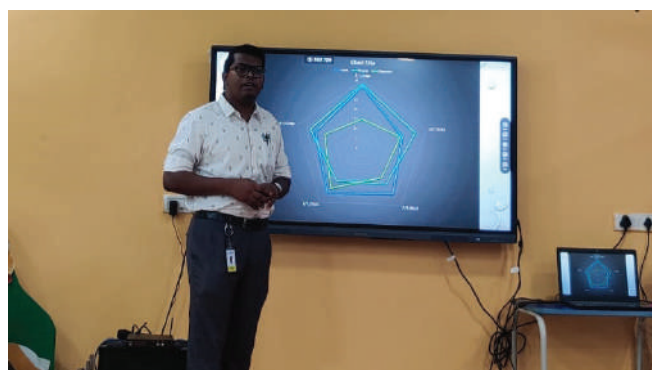

This session was hosted by our Middle School Co-ordinator, Ms. Muthu, accompanied by her team of Middle School Facilitators. The entire team was introduced to the parents to build a sense of familiarity throughout the year with matters pertaining to the overall development of their children.

## Secondary IIT and NEET - Parent Orientation

Every great thing achieved has one thing in common: a solid foundation. As the competition for exams like NEET and JEE keeps getting tougher, students need to prepare for such exams from an early age. Our Foundation Programme for JEE and NEET caters to this specific need by ensuring strong fundamentals.

Preparing from an early stage also provides ample time for students to understand the complicated aspects of topics. Our Foundation programme provides mentorship to help students get familiar with the various aspects of the relevant exams, as well as the associated careers. Our experienced mentors improve the analytical skills & abilities of students while developing a mindset of creativity, scientific thinking, and a competitive temperament.

## PTM G10 and G12

PTM for Grades 10 & 12 was scheduled on 9<sup>th</sup> June, 2023. There was a great response from the parents. The parents met the HRTs and the Subject Teachers individually and learned about the progress of their ward.

## Sports

### InterHouse Competition 2023-24

The First Inter House Competition for the New Academic Year for Grades VIII to XII was scheduled on 22<sup>nd</sup> June, 2023. The Competition was a Mime Show on the topic, 'A Glimpse of Indian Freedom Struggle'. Students participated with real zeal and enthusiasm.

An array of Indian Pre Independence Freedom Struggles was well portrayed by the Students. It included the Jallianwala Bagh Massacre, A court scene of VeerapandiKattabomman and Jackson Durai and a timeline of all the Freedom Struggle Episodes. It was well presented by the students.

The Head of School, Mr. RamKumar appreciated the House Masters and the students for the sincere efforts and involvement taken to bring the struggles live on the stage.

## World Record Event

### TGWS students Skate into Asia Book of Records

We are very delighted to share that four of our students, Shaan G5, Deepika G10 IG, Harshan and Praveen G9 IG along with their coach Mr. Nelson, were part of a record-creating skating group of 180 skaters from all over Tamilnadu. They skated nonstop for three hours and created a record for "Nonstop Skating by a Group" and entered into the India Book of Records & Asia Book of Records.

TGWS congratulates this Team of Skaters and wishes them many more successes.

# IGCSE

## Celebrating an Extraordinary Victory in The Business Simulation Game

The Geekay World School has recently participated in the Business Simulation Game conducted by Revas Business Simulation, Poland, and emerged as one of the standout performers in this global competition. With participants from 45 different countries worldwide, this highly competitive event brought together 95 teams to test their business acumen and strategic thinking.

The team from The Geekay World School comprising of our AS-level students, Litika. R, P. Sree Harsha, and G.P. Thanesh achieved a remarkable feat, securing a coveted position in the Top Ten rankings!

The members of the TGWS team showcased exceptional skills and dedication throughout the competition. This outstanding achievement is a testament to the talent, hard work, and commitment of our students. Their success reflects their ability to apply their knowledge and skills in a practical and competitive setting, further enhancing their overall growth and development. We extend our warmest congratulations to the achievers for their remarkable performance in the competition. We would also like to acknowledge and express our gratitude to the entire faculty for their continuous support and guidance.

Let us celebrate this remarkable achievement and look forward to more triumphs in the future.

## Celebrating Excellence: CAIE March 2023 Results

In the Cambridge International results for the March 2023 series, our Grade 10 IGCSE students have achieved an astounding 100 percent exemplary achievement. This outstanding accomplishment is a testament to the unwavering commitment and relentless efforts of our students and dedicated academic faculty.

This remarkable achievement not only brings glory to The Geekay World School but also serves as a source of inspiration for all members of our community. The commitment to academic excellence displayed by our students is a reflection of their dedication, perseverance, and passion for learning. We commend them for their hard work and the resilience they have demonstrated throughout their academic journey.

As we celebrate this remarkable achievement, we also look forward to future endeavors. The Geekay World School remains committed to providing a holistic educational experience that empowers our students to become lifelong learners, critical thinkers, and responsible global citizens.

# Student Articles

## It's summer and time for wandering around - KELLIE ELMORE

The summer holidays are an excellent time for us to take stress-free excursions and get closer to nature, which I was unable to do in my busy schedule of school for the entire year. I visited my grandparent's village this year and stayed there for 15 days. The cool thing about the summer holidays was discovering things in the grandparent's village which were new to me. While enjoying my stay, I also learnt some facts and figures about investment, and bank norms and expanded my knowledge of the business. Before my summer holiday, my class teacher motivated me to fix my goal of scoring 90% in the upcoming business board exam.

To achieve this goal, I used my summer holidays productively by leaning beyond my textbooks. In addition to it, I got an opportunity to read a book called Zero to Viral by Sharan Hegde which was a reiteration to achieve my goal. The important thing from the book I learnt is content is not always KING; for example, most business companies believe having good content is the key to a successful business but in the book, it says making your customers understand your business is the key to a successful business. I also learnt cooking under my grandmother's supervision during the holidays.

**-D.Seshank**  
**Grade 10**

## PROS AND CONS OF ONLINE CLASS

The widespread outbreak of COVID has led to the move towards online classes by schools and colleges. Although these classes are able to mitigate the loss of studies to some content, have imposed some major concerns as well.

Online classes are available to a student sitting anywhere in the world. It has eliminated the time and cost required to reach the school or college and prevented the loss of studies especially when the lockdown was imposed. Though students were trying to manage their studies, there were some major concerns. One of the biggest problems was that internet connectivity was not proper in many places. So, students were not able to connect to classes. Another big problem was the lack of One to One teaching, due to it students found it very difficult to ask questions if they had doubts. Also, the overuse of electronic devices for studies resulted in various health issues.

At present, both teachers and students have adopted this new model of education and are trying to get used to it with each passing day. If we can try to resolve the problems related to this model, it will be a big revolution in the coming years.

**-Darshan. B (Grade 7)**

## Summer

All the kids are excited,  
When summertime comes,  
The short pretty green grass waves,  
And the blue skies come.

The sizzling hot yellow sun glows  
On all of us humans below,  
All the people sunbathing,  
Surrounding all the places around.

And they are all exhausted roaming,  
Pillow fights,  
And late-night bites,  
An awesome break from school.

- **Jishnu Ashokkumar (Grade 9 Alpha)**

## A Serene Escape to Kashmir's Enchanting Landscapes

### Day 1: Mughal Gardens - Exploring Nature's Beauty

In the picturesque region of Kashmir, I immersed myself in the tranquil beauty of the Mughal Gardens. These gardens showcased a blend of Persian and Mughal architecture amidst lush greenery. Walking through manicured lawns and vibrant flowerbeds, I admired the symmetrical layout and colourful tulips and roses. Every step revealed hidden corners steeped in history and timeless charm.

### Day 2: Sonmarg - A Gateway to Paradise

I ventured to Sonmarg, known as the "Meadow of Gold," to embrace Kashmir's natural wonders. The journey itself offered breathtaking views of snow-capped mountains and flowing streams. In Sonmarg, I discovered alpine meadows and pristine glaciers, experiencing the serenity of the Thajiwas Glacier against the backdrop of towering Himalayan peaks.

### Day 3: Pahalgam - A Nature Lover's Paradise

En route to Pahalgam, I marveled at the picturesque meadows and dense forests. Upon arrival, I embarked on an enchanting hike along the Lidder River, exploring the untamed beauty of Betaab Valley. Surrounded by pine trees and cascading waterfalls, the valley's emerald-green meadows felt like a fairy tale. Horseback riding and panoramic vistas from rolling hills added to the blissful experience.

### Day 4: Gulmarg - Winter Wonderland Transformed

In Gulmarg, a paradise for adventure enthusiasts, I reveled in the cable car ride to Apharwat Peak, offering breathtaking views of snow-capped mountains. Skiing down powdery slopes and strolling amidst the Gulmarg Golf Course with the Himalayas as a backdrop was surreal. Leaving with cherished memories, I carry Kashmir's sublime beauty and warm hospitality in my heart.

Reflecting on my journey through the Mughal Gardens, Sonmarg, Pahalgam, and Gulmarg, I'm humbled by Kashmir's unmatched natural splendor. This region, with its breathtaking landscapes and rich heritage, has left an indelible mark on me.

- **SUJAY G9 Alpha**

## Teacher Talk

Working with toddlers is challenging but I love being in my school as a teacher. I enjoy helping my children to get connected with their buddies and I love to be their buddy too.

I am an energetic contributor helping a child to make developmental steps with their skills and abilities. My main responsibility is to create an atmosphere where children can make, discover and learn how to express themselves verbally, mentally and physically. Whatever the difficulties I face, vanishes seeing the happy faces of my kids. Every day brings something new. Young children are lovable and comical. Sometimes I feel like I am a student and they are the teachers. Every day brings about new learning and many hilarious moments for everyone to laugh. My daily task is to assess students' performance and progress to ensure they are mastering the skills on a regular basis.

Ms. Jennifer  
KG Facilitator

## Parent Talk

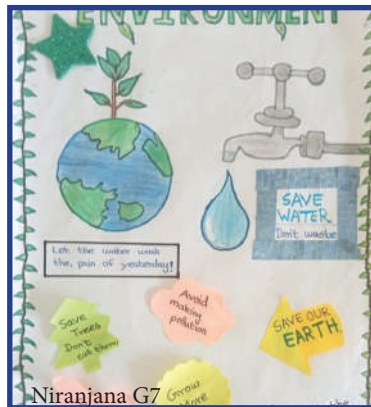

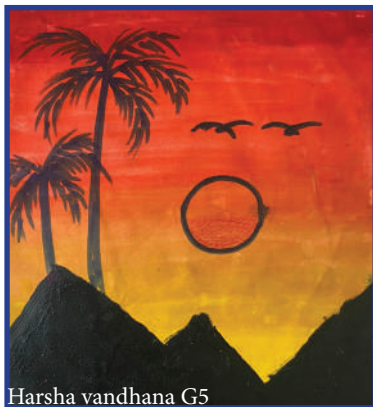

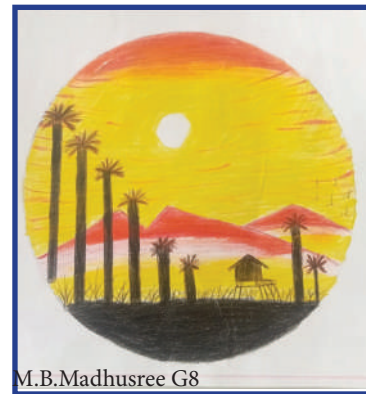

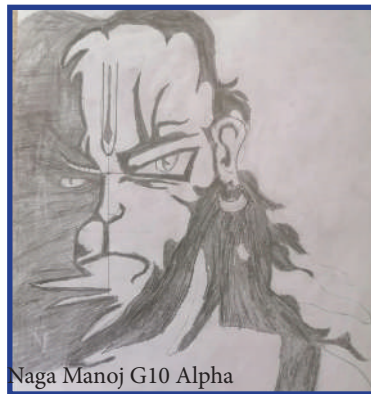

"Amplifying Your Voice", Empowering Our Community"

My daughter Poorvi Dhanyasree. 5 from grade 2 is benefiting from the infrastructure and educational offerings of TGWS. TGWS provides a well-rounded education with a focus on both academics and co-curricular activities which can greatly enhance a child's development. She has the opportunity to learn swimming, skating, dance, music, and French within the school is impressive. Such a diverse range of activities allows her to explore different interests and develop various skills. It's also convenient for me as a parent to have all these training options available under one roof. Friendly and understanding teachers play a crucial role in creating a comfortable and supportive learning environment. Their guidance and support significantly impact my child's educational journey. The school's provision of leadership camps is an excellent opportunity for the students to gain valuable experiences. Leadership activities often foster teamwork, communication, problem-solving, and decision-making skills, which are essential qualities for personal growth and future success. Overall, it seems that my daughter is in a nurturing and enriching educational environment. It's my duty to continue supporting and encouraging her to take full advantage of the opportunities provided by the school. TGWS has created a positive learning environment for my daughter, and I wish all the Geekains for continued success in their education and personal growth!

-Mr Shyam  
Parent of Poorvi Dhanyashree
